A PAL SUCCESS STORY

Hi - My name is Curly. I was rescued by two state police officers August of last year. I was put in the care of PAL and brought to the Hackettstown Animal Hospital, where Dr. Cojocar and his staff spent most of the night trying to save my life. I had really been neglected by the people who owned me. My hair was shaved and after my hair was gone, they noticed that my hair cut the circulation in my leg so badly that my front right paw had to be amputated. I also had four rotten teeth that had to be pulled. Ouch!!!

I felt so much better after my surgery and a good bath. I felt like a new dog. Everyone seemed to love me there. Some wonderful man made a donation towards my hospital bills. Soon after my surgery, I was adopted by my parents, Joe and Sharon, who own the Canine Café in Hackettstown. It doesn't get much better than this. They took me to Chicago in a doggie stroller. I have a fancy new collar, and I have a brother named Pippin to play with. I want to thank Pet Adop-

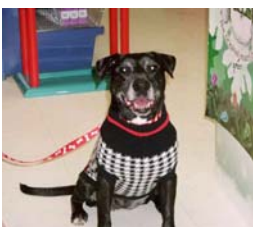

tion League volunteers for getting me the help I needed and for finding me a forever home. Also, without the many donations that came pouring in to help me, I never would have looked as cute as I do now. Check out that "after" photo. Isn't this great?!!!

This certainly is a PAL success story....

OUR CATS

Since PetSmart opened in 2006 in Mt. Olive, the Pet Adoption League has been fortunate enough to be able to showcase our orphaned cats through the PetSmart Charity Program. Cat adoptions are held every Saturday and special events are held during the year. One special event was Santa Claws - pet photos with Santa. Proceeds from these pictures were shared with PAL. It was a huge success. Many more events to come. As a

shelterless rescue organization, we appreciate the opportunity PetSmart has given us to help with our feline population. Come visit our available cats at the cat condos in PetSmart in Mt. Olive.

OUR DOGS

While PetSmart houses our needy cats, our dogs don't have that benefit. PAL relies on the goodness of foster volunteers that keep the animals in their homes until they are adopted. This is such an important vol-

unteer effort for PAL. Unfortunately, we always have more dogs than available foster homes, and they have to live at the pound under less than desirable conditions. Because of this, we need to make sure that we have foster families. Please help a dog to have a warm family environment. PAL has found that dogs are easier to adopt from a home. They get help socializing with humans and other pets...and most importantly is the love they receive!!!

BROWNIES AT PETSMART

February 24, 2007 Mt. Olive, NJ - the Pet Adoption League of Hackettstown proudly accepted donations collected by Brownie Troop 292 from the Hudson Maxim school in Hopatcong at a ceremony held at the PetSmart store at the ITC Crossings. Troop leaders are Jill Attas and Diane Fattorusso. At PetSmart the Brownies

were introduced to Bo, a PAL dog that was rescued by a concerned citizen and placed in PAL's care. Poor Bo had been traumatized and all of his fur had fallen out. It is growing back now and he is in foster care waiting for his forever home.

BO - LOOKING FOR A FOREVER HOME

Bo had a bad start in life. He lived with a family that neglected and abused him. He suffered from allergies from the conditions he lived in and also

suffered from stress which caused his fur to fall out. Bo has been with us for the past month and his fur is starting to grow back. He is a very sweet boy and loves everyone. Bo really needs to be placed in a quiet and loving home because of all he has been through. Bo is just looking to be happy and have a dogs life that he never knew about.

Approximate Date of Birth: 1/1/2003

Bo is good with children, dogs and cats. Bo has been altered.

JACK - WILL YOU PLEASE ADOPT ME???

My name is Jack, and I am part Australian Cattle dog and probably part Sheltie. I was born on April 1, 2006, so I am almost 1 year old. I am mostly red and white, and weigh about 35 pounds. I am very intelligent and a fast learner. I recognize a number of commands including sit, down, stay, and shake. I am learning to roll over, walk on a loose lead,

heel, wave, and whisper. I am housebroken and crate-trained. I love people, tummy rubs, and can be very cuddly. I get along okay with other dogs. I am highly energetic, and I would be a great candidate for agility, herding, tracking, Frisbee, or any other types of activities where humans and dogs work as a team. I

would also be a great running and hiking partner. I was given up by my first family because they said I was too jumpy. Since then I haven't been able to find a good home. If you would like to know more about me or meet me, please contact PAL. Jack gets along well with other pets and children, however, a calm household is preferred.

FLASH...Positive Dog Motivation will provide two free private lessons, valued at \$200 to the adoptive family of Jack.

HUNTER - COME VISIT ME

Hunter is a 12 pound light orange and white beauty. He an indoor cat who is very friendly and loves people. He was left behind when his owner moved away. So won't you please come and meet me? I'd really love to meet you!

Approximate Date of Birth: 1/1/2004 This animal has been altered.

NATASHA AND JENNIFER

These two cuties are mommy and baby, but it is hard to tell which is which. As mother Natasha was just a baby herself when she gave birth. Jennifer is very attached to her mommy, so they need to be placed in a wonderful home together. The two are sweet and loving, and offer much joy and many smiles.

Approximate Age:
 Natasha - 18 months
 Jennifer - 7 months
 These animals have been altered.
